DATE WED 29 APR 2026

The Social & Labor Convergence Program (SLCP) invites you for a UK Brand Meeting in London - an opportunity to connect in-person with the SLCP team, Cascale, and other brands. During the session, you will hear insights and tips from an experienced SLCP brand, as well as the latest updates from SLCP and details on the next version of the CAF launching later this year. This free event also provides a collaborative space to share best practices and discuss common challenges with other brands.
